Yakima	8.00		2.00	0.50	11.70
Statewide Total	192.00	10.00	50.00	10.77	288.28

‡ Prior Year's Count Use

Staffing levels measured are those in effect on 12/31/2018.

<sup>1</sup> Year 2019 projected filings are based on the previous five-year filing trends of the various case types in a given court. Needs estimates are based on the previous five years of data for the number of total judicial officers and case resolutions.

<sup>2</sup> Superior court judge positions authorized by state statute yet unfunded at the county level.

<sup>3</sup> This column represents the estimated number of judge positions needed, as required by RCW 2.56.030(11). Individual counties or judicial districts may choose to establish and fund court commissioner positions instead of superior court judge positions. Identical indicators are used to measure the workload of both judges and commissioners.

<sup>4</sup> King County Superior transitioned to a locally implemented and maintained case management system in 2018, resulting in caseload reports that are temporarily incomplete for 2018. Therefore 2017 King County Superior Court case activity was used for preparing the 2019 judicial needs estimate.

<sup>5</sup> The estimation process eliminates Lincoln County due to caseload anomalies which strongly influence the overall results. In order to obtain a true statewide total, the estimated judge need for Lincoln County is imputed to be identical to the current judicial officer FTE count in that county.

<sup>6</sup> Wahkiakum County Superior Court is processing uncontested dissolution case filings, similar to Lincoln County Superior Court. Starting JNE 2018, for Wahkiakum County, filings for dissolution w/ and w/o children were excluded.
